

Merger in the headhunting business, Denmark

From May 12, 2015, a merger is taking place between the two headhunting companies FOUND BY US and Birn + Partners. CEO and founder of FOUND BY US, Belinda Bramsnæs, is looking forward to be able to offer her customers an enhanced service portfolio with an international reach. As a highly experienced professional in the business Belinda has gained a lot of recognition among many companies in the Copenhagen area.

By having Belinda on board Birn + Partners is gaining a lot of experience within IT & Telecom. Furthermore, Belinda has build strong competencies within retail, both online and offline, in the recent years.

After the merger the company name will be Birn + Partners. Birn + Partners has 30 employees allocated in 7 countries. The company has a focus on Headhunting, Onboarding, and Career Advisory. Managing partner, Mikkel Birn, is predicting more mergers in the future, both for Birn + Partners and in the industry generally. Our customers are setting higher demands for industry-specific business understanding, and international companies have an increased need for our cross-border services.
